Why we Practice Excellence at Concord Specialty Pharmacy, Every Day.

MISSION STATEMENT

Concord Specialty Pharmacy strives to provide its customers with the best possible medical services and supplies. Our team of motivated professionals, led by experienced pharmacists, combines expertise in pharmacy practices with a client-centered attitude in order to deliver top quality specialized care.

SAPHIRE Q CORE PUMP

The SapphirePlus pump is used by high authorization level users and technicians in hospitals, in transition to and from hospitals, alternate sites and patient homes, and in an ambulatory environment.

E101000

IFLOW HOME PUMP ECLIPSE 100ML

100ML Homepump Eclipse is a disposable, portable infusion system that delivers antibiotic therapy providing delivery times from 30 minutes to 5 hours.

E251750

IFLOW HOME PUMP ECLIPSE 250ML

250ML Homepump Eclipse* is a disposable, portable infusion system that delivers antibiotic therapy providing delivery times from 30 minutes to 5 hours.

21-0102-51

CADD-SOLIS VIP INFUSION SYSTEM

Ambulatory multi-therapy infusion system with safety software.

100-510PXS1

BODYGUARD 323

Multi-therapy infusion pump. Compact ambulatory pump supports continuous, intermittent, TPN, PCA and 25-Step therapy modes.

The highest standards are maintained at every step of the preparation of the customized personal infusions.

Interlink Needleless IV Access System from BD Becton Dickinson is designed to accommodate all types of IV therapy.

BD303369

**CANNULA
INTERLINK
THREADED LOCK**

Threaded lock cannula, bulk, non-sterile

BD385114

PRN ADAPTER

PRN adapter has a luer-lock connection to attach securely. 1 1/16" in length with a latex resealing injection site.

SCXT3-2000

SWAB CAP

SwabCap® XT needleless connector cap with 70% IPA as disinfectant.

MP1000-C

**MAXIMUS
MAXPLUS**

The MaxPlus® clear needleless connector features our patented positive displacement technology, which provides a fluid bolus to clear the catheter tip upon disconnection. This technology helps reduce the risk of occlusions due to reflux.

BD385112

**ADAPTER WITH
INJ SITE 1 1/6"**

PRN adapter has a luer-lock connection to attach securely. 1 1/16" in length with a latex resealing injection site.

NX4600

**NEXUS TKO LUER
ACTIVATED DEVICE**

Nexus TKO® anti-reflux needleless connectors are devices intended to reduce blood reflux and maintain catheter patency across all IV lines which can result in reduced overall IV therapy costs and improved patient outcomes.

Our Team at Concord Specialty Pharmacy.

3M1530-1

MICROPORE TAPE
1"

Specially constructed paper tape with a lightweight micro-porous backing that lets air reach the skin.

3M1624WB

DRESSING
TEGADERM
6 X 7 CM

A transparent, hypo-allergenic dressing that conforms smoothly to body contours. 3M's unique "picture-frame" system makes it easy to achieve a secure, and precise dressing. Provides a sterile, breathable barrier that lets oxygen in while locking out moisture.

3M1685

DRESSING IV
TEGADERM
8.5 X 11.5 CM

A transparent, hypo-allergenic dressing that conforms smoothly to body contours. 3M's unique "picture-frame" system makes it easy to achieve a secure, and precise dressing. Provides a sterile, breathable barrier that lets oxygen in while locking out moisture.

JOJOET4150

BIOPATCH DISK
W/92MG CHG 1"

Antimicrobial Dressing 4150 with Chlorhexidine Gluconate is a powerful antimicrobial and antifungal dressing that inhibits bacterial growth. 1" Diameter.

3M9536HP

DRESSING HP
10 X 12 CM
TEGADERM

For areas where secure and longer lasting dressing placement is required. Protecting areas where high moisture accumulates, e.g. groin, coccyx, under-arms. This dressing is breathable and moisture vapour permeable to liquids and bacteria.

3MR1547

STERISTRIPS
12 X 100 MM

This reinforced tape is the standard for wound closure and wound support. The non-woven microporous material is reinforced with filaments for strength to provide wound support and assist in increasing the tensile strength of the wound.

BSN7144301

HYPAFIX
5CM X 10M

An adhesive, non-woven fabric for dressing retention.

SN4008

DRESSING IV3000
10 X 12 CM

IV3000 is a moisture responsive, transparent film dressing, specifically designed to meet the needs of catheter fixation. 10cm x 12 cm

50004

AQUAGUARD
4" X 4"

The AquaGuard sheet is a water-proof disposable moisture barrier which keeps sites, wounds and dressings dry while the patient showers.

50010

AQUAGUARD
7" X 7"

The AquaGuard sheet is a water-proof disposable moisture barrier which keeps sites, wounds and dressings dry while the patient showers.

TY441215

GAUZE
DERMACEA NS
12PLY 4 X 4 IN

Dermacea Non-sterile gauze sponges, 12 ply 4" x 4"

MDS21420

GAUZE STERILE 2X2

Gauze sponges are made from the finest USP Type VII gauze. Two sterilized, 8 ply sponges per package. 2" x 2"

GL708LF

BANDAGE
TUBULAR LF SZ7
25YD SURGILAST
1RL/BX

A tubular elastic stretch net designed to serve as a secondary dressing, applying gentle pressure to keep bandages or other medical devices securely in place without adhesive tape. Size 7 - 25 Yards.

GL707LF

BANDAGE
TUBULAR LF SZ6
25YD SURGILAST

A tubular elastic stretch net designed to serve as a secondary dressing, applying gentle pressure to keep bandages or other medical devices securely in place without adhesive tape. Size 6 - 25 yards.

DUP8248H

SPONGE GAUZE
8PLY 4X4

These non-woven sponges are ideal for wound cleansing and also can be used as a secondary dressing for added absorbency. 4" x 4"

DUP82208

SPONGE GAUZE
2X2

These non-woven sponges are ideal for wound cleansing and also can be used as a secondary dressing for added absorbency. 2" x 2"

760-372

UNDERPADS 4PLY
17.5" X 24"

Full coverage underpad with a subtle linen scent and odour control technology which combine to assure freshness and discretion.

3M1527-1

**TRANSPORE TAPE
1"**

Latex-free, hypoallergenic, transparent and perforated plastic tape that offers strong adhesion.

B16400

**ADHESIVE TAPE
REMOVER**

Gentle solvent removes adhesives and cements; makes removal fast and easy

HP106300

**ADHESIVE
REMOVER PADS**

Painlessly & effectively remove residue left by adhesive tape. No harsh chemicals.

85-4018

DRESSING TRAY

Tray contains sterile components for a basic dressing change. 1 Three Compartment Tray, 1 Plastic Transfer Forceps, 2 Metal Forceps, 4" x 4" Gauze Pads, Large Absorbent Rayon Ball, Waste bag w/ tie, Towel/Under pad and 1 CSR Wrap

Our annual Professional conference event encompasses the attendance of our Clients and Caregivers along with healthcare professionals from Nutrishare U.S and Concord Specialty Pharmacy.

*The Goal:
Improve the quality of life for our patients and reduce the stress.*

T-1000

T-1000 PUMP PACK

Holds up to 4000 ml. of solution. Windows to view pumps, 2 pockets for multiple therapies. Solution wrap and support straps. Use as Backpack style, or with shoulder strap.

Patrick, Zach and Sahar at the Annual TPN Conference.

Working together for better personalized care.

Working Together for Better Care through our era of healthcare challenges.

- In 2013 Nutrishare Inc. (U.S. Pharmacists) and Concord Specialty Pharmacy (Canadian Pharmacists) met to discuss collaboration of resources to provide TPN patients with better care in an ever changing and challenging healthcare environment.
- Our philosophies were the same: To improve the Quality of Life of our Patients and reduce ANY or ALL stress.
- Improving travel coordination for our patients.
- Providing solutions for drug shortages for our patients.
- Shared expertise for the pediatric care with Boston Children's Hospital and the Hospital for Sick Children in Toronto.
- Confirmed our commitment to further research by our teams with new drugs and supplies for people in our care across both borders.
- Committed to our true focus: the Patients, caregivers and families.

Our Commitment:

***A Clinical Team Approach to give Patients and Caregivers a
QUALITY OF LIFE and a BRIGHTER FUTURE with HOPE.***

Julianne's Story

"The newest members of our TPN family brought us sweet, little Julianne West. She was just six months old when we were blessed with the opportunity to service her and her parents. With her family's love and support and our expertise and care, she is thriving well. By the look on her face you can tell every day can be a joy for her, regardless of her circumstances. It is why we do what we do."

Sahar Whelan
